Once you locate the shipment in the system, your documentation for that shipment will appear, giving you the Proof of Delivery (POD), Bill of Lading (BOL), and if it applies, the reweigh and reclassification

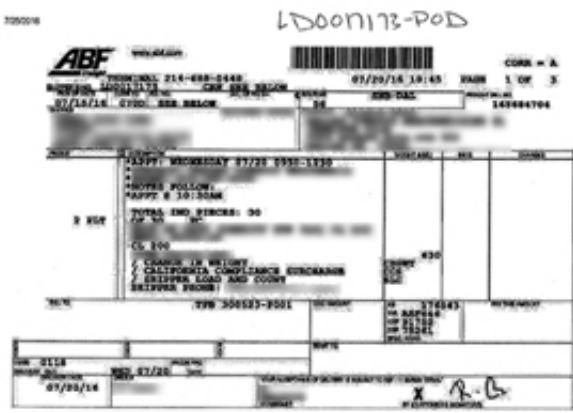

certificates.

An example of a POD and reweigh certificate

The documents can be viewed as PDFs, which will allow you to see who signed for the shipment and if there were any damages or shortages noted on the document.

This feature makes retrieving your shipping documents a breeze. To learn more about what the GlobalLink Domestic TMS can do for you, contact us at info@mohawkglobal.com.
