

How to Find Valuable Stuff on Export.gov

by Michelle Kelley - Friday, December 23, 2011

Are you looking to grow your export business in 2012? Believe it or not, you can find valuable market research, trade leads, and duty calculations all on one website, export.gov.

The U.S. Commercial Service has a 60-minute video tutorial on how to access every information rich resource on export.gov. Highlights include:

- A market research library to help you pick the best market for your product
- How to find a harmonized tariff code
- Resources for finding buyers
- How to get an accurate duty and tax estimate for a commercial shipment
- Where to find tutorials on the export process
