

Duty Drawback

Tuesday, May 24, 2016

Recoup the import duties you've already paid with MGTA's duty drawback service.

Cash-in on previously paid duties and leave the rest to us. Our drawback services are designed with your time-savings in mind. From applying for drawback privilege and claim filing to recordkeeping and managed document workflows, we've got the experience, software, and compliance background to ensure your program runs as smoothly as possible.

How it works

1. Merchandise is imported into the U.S.
2. Duties are paid on the merchandise.
3. Merchandise is resold and exported to a foreign buyer.
4. U.S. Customs refunds 99% of the duties previously paid.

What's the catch?

- Merchandise must be exported or destroyed within 5 years of import.
- U.S. Customs must approve you for the duty drawback program before you can begin receiving refunds.
- Other limitations apply. See [Restrictions](#) for more information.
